Summary

Electronics and Communication Engineering with hands-on experience in PCB debugging, embedded systems, and web development. Proficient in fault identification, component testing, signal tracking, and soldering techniques. Completed practical projects such as a responsive music web application and an autonomous path-finding robotic car. Seeking an entry-level role to apply technical skills in both software development and core electronics engineering environments.

Skills

Languages : Java

Database : MySQL

Frontend | Backend : JavaScript, HTML, CSS, React ,Tailwind CSS

Tools: VsCode,Eclipse ,CST Studio Suite , MS-Office

Core Electronics : PCB Debugging, Fault Identification, Soldering.

Language Know : Tamil, English, Kannada.

Experience

Feb 2025 – Apr 2025

WebDeveloper Intern

Tech Yantra Software Solutions

- Developed an responsive, ad-free music streaming application using HTML, Tailwind CSS, JavaScript, React.js for a modern, scalable frontend.
- Implemented Firebase backend services including authentication, real-time database and secure user-management.
- Integrated Cloudinary for media storage and delivery.
- Designed and developed role-based authentication workflows, enhancing security and enabling differentiated user and admin access.

Projects

Adaptive Path Car Finding |Arduino IDE , Embedded C

2024

- Developed a responsive, ad-free music streaming application using React.js, JavaScript, HTML, and Tailwind CSS.
- Implemented Firebase Authentication, Realtime Database, and Cloudinary for secure user management and media storage.
- Designed role-based authentication with separate user and admin access for enhanced security.

ISAI – Music Web Application

2023

- Built a responsive music streaming web app usingHTML, CSS, JavaScript, and React.
- Developed interactive audio playback featuresincluding play, pause & track navigation.
- Optimized performance and responsiveness acrossdifferent devices and screen sizes.

Certifications

- Web Application Development (**Robowars**)
- Industrial Training (**Bharat Sanchar Nigam Limited**)
- CERF Skill Grade (**B1**)
- Best Project Award (**Adpative Path Finding**)
- Computer on Office Automation (**GOVT**)
- TANSAM PCB Designing,Testing and Debugging (**SIEMENS**)

Education

Panimalar Engineering College

B.E in Electronics and Communication

2023 – 2027

CGPA: 8.1 (till 5th semester)

SriSowdambikaConventMatriculation Higher Secondary School

Higher Secondary Certificate (HSC)

2022 – 2023

Percentage: 62%
